

Search By Product Type/Department

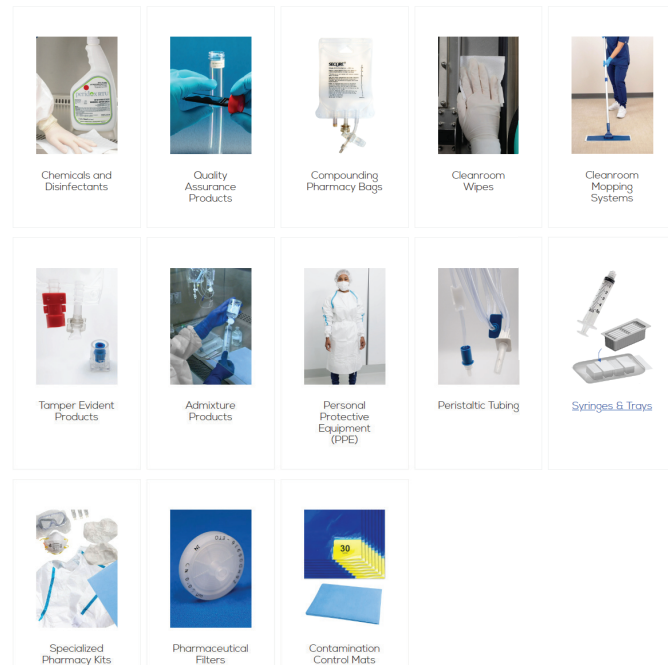

Simply hover over the “Products” menu and the four product categories will appear. Choose from Airway, Pharmacy, Vascular, or View By Department.

Pharmacy Products

Source Everything from One Place

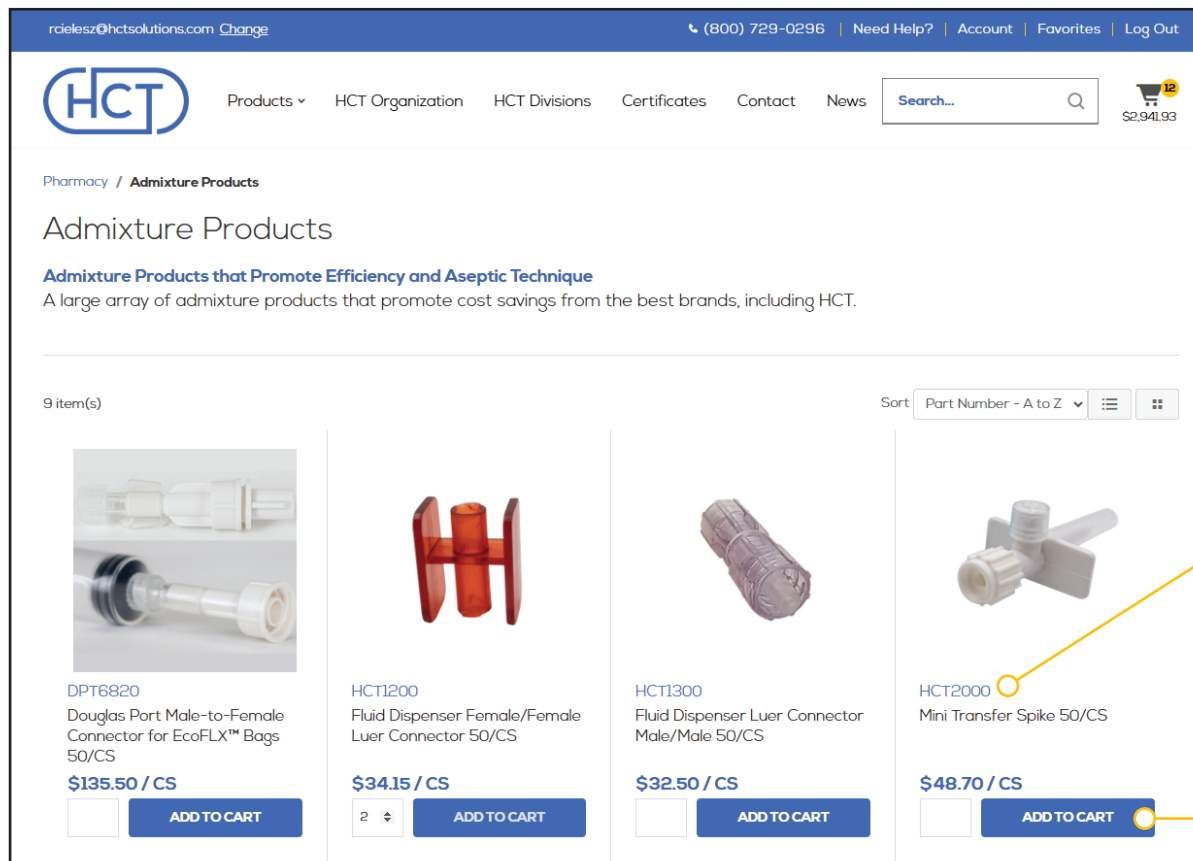

HCT prides ourselves on delivering everything but the drug to pharmacies across the country. We provide the highest quality of products, many meeting USP 797 and USP 800 compliance, in various spaces such as 503A, 503B, hospitals, long-term care, home care and more. HCT also manufactures products ideal for the compounding pharmacy such as admixture, EVA bags, syringe trays, tamper evident caps and clamps, and more. Our portfolio features disinfectants and sterile wipes, but also all necessary PPE to protect staff in the compounding pharmacy. Our quality assurance products support compliance, including media fills and auger plates. Health Care Technology offers complete solutions and devices so we can quickly help you source everything but the drug from one place.

Category Landing Pages

Clicking on a product page such as “Pharmacy” will bring you to the category landing page as shown to the left. This page highlights all product categories associated with our Pharmacy offerings.

Product Landing Pages

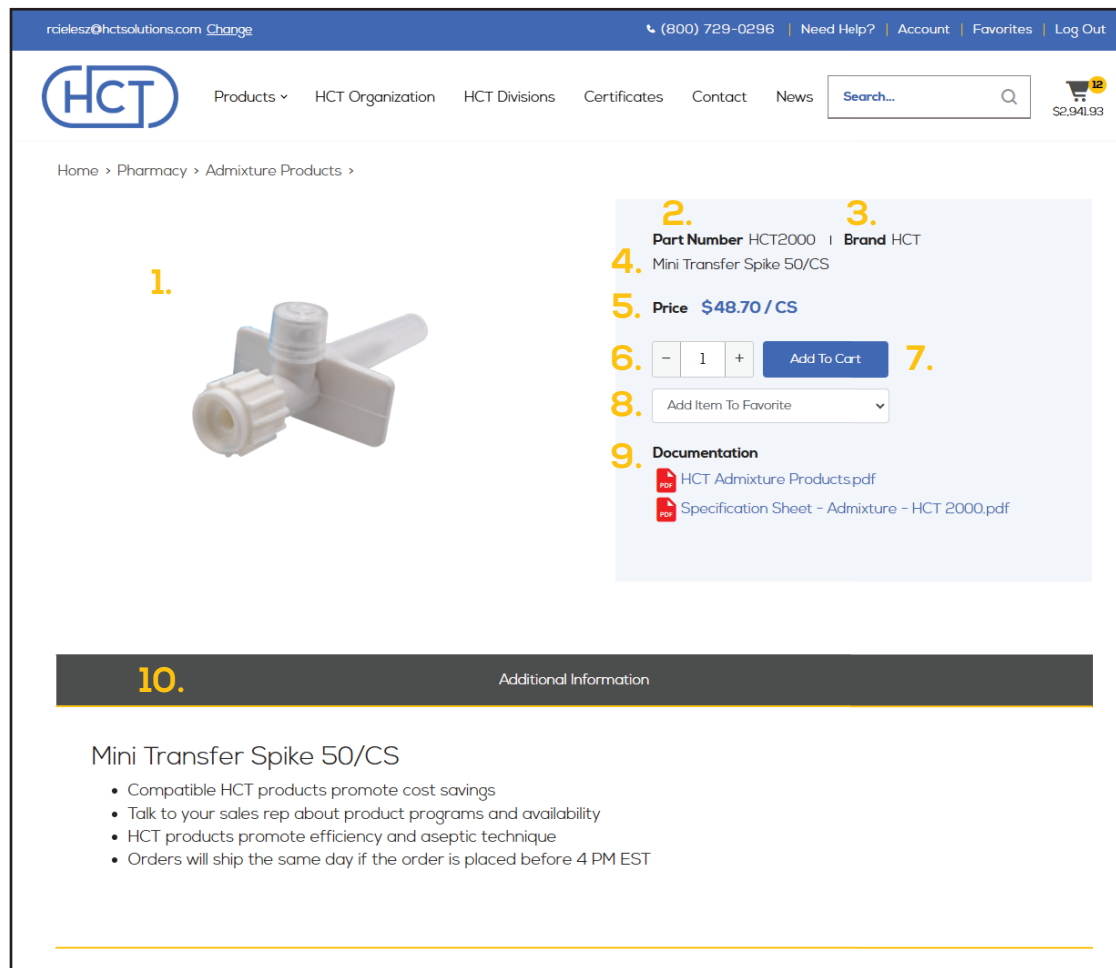

The screenshot shows the HCT website's product landing page for Admixture Products. The page features a blue header with the HCT logo, navigation links (Products, HCT Organization, HCT Divisions, Certificates, Contact, News), a search bar, and a shopping cart icon with 12 items and a total of \$2,941.93. The main content area is titled "Admixture Products" and includes a sub-header "Admixture Products that Promote Efficiency and Aseptic Technique" and a description: "A large array of admixture products that promote cost savings from the best brands, including HCT." Below this, there are 9 items listed in a grid. Each item has a product image, a product number, a description, a price per case, and an "ADD TO CART" button. The items shown are:

Product Number	Description	Price / CS
DPT6820	Douglas Port Male-to-Female Connector for EcoFLX™ Bags 50/CS	\$135.50 / CS
HCT1200	Fluid Dispenser Female/Female Luer Connector 50/CS	\$34.15 / CS
HCT1300	Fluid Dispenser Luer Connector Male/Male 50/CS	\$32.50 / CS
HCT2000	Mini Transfer Spike 50/CS	\$48.70 / CS

You can learn more about products or add items to your cart from the product landing page by clicking on the Product number shown here.

You can also add items to your cart here with the blue "ADD TO CART" button shown here.

10. Additional Information

Mini Transfer Spike 50/CS

- Compatible HCT products promote cost savings
- Talk to your sales rep about product programs and availability
- HCT products promote efficiency and aseptic technique
- Orders will ship the same day if the order is placed before 4 PM EST

Product Landing Pages Feature:

1. Product Images
2. Part Number/Item ID
3. Product's Brand/Manufacturer
4. Product Short Description
5. Price: Price reflects your HCT contract pricing.
If an item seems high in price, it may NOT be on your contract and will display at list-price. Speak with your rep for pricing and availability.
6. Quantity: Enter the quantity you need or use the minus and plus buttons to adjust quantity needed.
7. Add to Cart button
8. Add Items to Favorite List. You can build custom favorites lists to quickly place future orders with.
We will cover the Favorites tool later.
9. Documentation: If available, PDFs display here.
10. Additional Product Information

Shipping Notification Icons on Select Products

Contec Prep Mat 16x21" 600/CS

LOW USAGE ITEM: Additional Lead Times May Apply

Talk to your sales rep about product programs and availability.

Items shown without any icons are generally in stock as they reflect your stocking agreement.

Items with the "**Lead Time Notice**" icon may be low usage items meaning we carry less stock. This does not mean we do not have the product, rather that it may be worth discussing availability with your sales rep. If you do order the item and it is out of stock, you will receive an email stating it is on backorder. Feel free to contact your sales rep or our customer service team for an estimated ship date.

GroMed TSA Media Contact Plates 60mm 10/CS

TEMPERATURE SENSITIVE PRODUCT: 5-7 Day Delivery Time

Talk to your sales rep about product programs and availability.

In rare cases, a product may feature the "**Temp. Sensitive Product**" icon, such as contact plates. This icon states that the product has to ship in a select amount of business days to avoid temperatures that may damage the product. Feel free to contact your sales rep or our customer service team for more information.
